25X1A9a

REFERENCE : Memo dated 24 December 1979 addressed to Comptroller from Director of Communications, subject, same

1. The above reference is returned as there is a Comptroller General Decision which requires collection at the end of the leave year on account of leave taken but unearned. Comptroller General Decision B-113-100 Volume 32, page 298 is quoted in part as follows:

"Accordingly, you are advised that, in the absence of a leave regulation by the Civil Service Commission providing that, in the case of employees who are required to take annual leave in advance of its accrual, deduction of over-drawn annual leave may be made from accruals in the following year, collection must be made at the end of the leave year on account of leave taken but unearned."

2. The Office of General Counsel has again reviewed this case and now concurs in the fact that next years annual leave should not be advanced in the current leave year.
